

# FOUR GREAT POWERS ACCEPT PROPOSAL

## SPOKESMEN CREATE GREAT ENTHUSIASM BY THEIR ADDRESSES

Diplomatic Cards Are Laid on the Table in Manner Unheard of Before—Great Britain Makes Suggestions as to Modifications—Submarines Seem to Be Sticking Point

(By The Associated Press)  
WASHINGTON, Nov. 15.—The sweeping American proposal for reduction of naval armament became the accepted fundamental policy of the armament conference today by the unanimous assent of the five great powers.

Seconding the bold lead of the United States, the accredited spokesmen of Great Britain, Japan, Italy and France rose in their places at today's plenary session of the conference and one after another declared the readiness of their governments to accept the American proposal in spirit and in principle, but with the reservation of a right to suggest modifications of detail.

Then the problem of these details, which everyone realizes may yet occupy the prolonged attention of the conference and involve the success or failure of the whole plan was referred for preliminary examination to a committee of five technical naval advisers, one from each of the five big powers.

## LEADING PARTIES IN IRELAND HAVE ALL HAD THEIR SAY

Situation is Still Apparently in Dead-lock

(By The Associated Press)  
LONDON, Nov. 15.—All parties in Ireland, with the exception of the Nationalists, who, however, are now largely incorporated with the Sinn Fein have now had their say in the negotiations regarding the future of Ireland.

The southern Unionists, who are opposed to a dual parliament for the island, saw Prime Minister Lloyd George today, Lord Middleton stating the case for them, while the Ulsterites had before them the government's refusal of their counter proposal for a settlement of the Irish question.

It was understood that the government's reply to Ulster contained no new suggestions or proposals, leaving the situation apparently deadlocked. John Miller Andrews, secretary of labor in the Ulster cabinet, upon his return to Belfast today made it clear in a statement to the press that the government's proposal to Ulster was for a single parliament for a united Ireland and that Ulster had replied that she must have a separate parliament—a suggestion which neither the Sinn Feiners nor the southern Unionists would agree to.

Protest meetings will be held in Ulster tomorrow against what the Ulsterites characterize as a betrayal of Ulster, when, among others, Mr. Andrews, the Marquis of Londonderry and John Milne Barbour members of the Ulster delegation to London, will speak.

It is considered unlikely, however, that anything will be done to break the apparent deadlock before the meeting of the conservative party in Liverpool on Friday when the delegates will have the opportunity of voting up on the straight resolution that no settlement of the Irish question will be acceptable which does not absolutely respect the position acquired by Ulster.

## MORTALITY HAS SHOWN INCREASE

(By The Associated Press)  
NEW YORK, Nov. 15.—Mortality of expectant mothers has increased in recent years, and despite the great strides of surgery and medicine, there has been no decrease in the death rate among mothers at childbirth, Dr. Ralph W. Lohenstein, of New York asserted in an address today before the Child Hygiene Section of the American Public Health association.

As a remedy he urged educational campaigns on pre-natal care to be conducted by the Red Cross, hospitals and civic agencies and enactment of laws more drastically regulating the practice of obstetrics.

## BROTHERHOODS TO OPPOSE FURTHER WAGE REDUCTIONS

Engineers and Firemen Complete Plan of Campaign

(By The Associated Press)  
CHICAGO, Nov. 15.—Plans of the Brotherhood of Locomotive Engineers and Brotherhood of Locomotive Firemen and Enginemen to meet demands of the railroads for revision of rules and working condition agreements and for further wage cuts were completed today at the close of a two day session of 650 general officers and officials.

Warren S. Stone, grand chief of the engineers; and William S. Carter, president of the Firemen and Enginemen explained the settlement under which the recent general strike order was cancelled and received their followers' endorsement of their action.

Requests from ninety-eight railroads for revision of rules and working conditions were considered, and the counter demands of the unions formulated. Mr. Stone announced tonight the unions were agreed on a concerted program in the rules cases. The majority of the general chairmen departed for their homes early tonight to explain this program to their men. A few remained for individual conferences on local questions with Mr. Stone and Mr. Carter tomorrow.

Announcement was made today that the four big brotherhoods have signed agreements with the eastern, western and southeastern districts for setting up adjustment boards, provided for in the Esch-Cummings transportation act. Two assistant grand chiefs will represent the engineers on the boards—F. A. Burgess on the eastern and southeastern, and H. P. Daugherty on the western.

Representatives of the other unions have not yet been selected.

Creation of the boards is expected to speed up the work of the United States railroad board by relieving its docket of the hundreds of petty cases of individual grievances. All such disputes will be first referred to the nearest adjustment board for arbitration and only in event of a deadlock on the board, will the case come before the government tribunal here.

Each of the boards is to have eight members, one from each of the brotherhoods and four representing the roads in its territory. Meetings will be held monthly in New York, Washington and Chicago. The agreements run for one year and may be renewed.

## HOWAT FOLLOWERS WILL REMAIN OUT

(By The Associated Press)  
PITTSBURGH, Kans., Nov. 15.—Late this afternoon an official statement in which he declared none of the followers of Alexander Howat would return to work tomorrow, in spite of the threat of the international organization to take the charters away from the local unions, thus ousting from the union all members of the locals who refuse to work.

Local unions who do not take action for resumption of work will be suspended by the international union, but individual members of the local unions who return to work will be protected in their membership by the international organization.

Another deep mine resumed work today it was announced by the Operators' association. Two large mines resumed operations yesterday.

## Governor Small Issues Thanksgiving Proclamation

SPRINGFIELD, Ill., Nov. 15.—The following Thanksgiving proclamation was issued today by Governor Small:

"The day for a national Thanksgiving has been set apart and designated by the president of the United States, and it becomes my duty as chief executive to call the attention of our people to the significance of the day and requests its proper observance in Illinois.

"In all humility we may give thanks to God that we are favored beyond other nations. It seems as the years go by and we are again called upon to observe this day of prayer and devotion that the measure of blessings bestowed upon us by the giver of all good, filled to overflowing.

"This year the processes of economic readjustment following the great world strife are slowly but surely bringing a return of normal conditions in the land. The wheels of industry are beginning to turn with ever increasing momentum. During this year the earth has yielded bounteously of its fruits, and we have been enabled out of our abundance to relieve in some measure the distress of other less fortunate peoples.

"We are at peace with all the nations of the earth. And there is every reason to hope that America, thru the deliberations of the distinguished International Conference, called together by our president, may be the instrument whereby universal and lasting peace shall envelop the world.

"Now therefore, I, Len Small, governor of Illinois, do hereby designate and proclaim Thursday, the twenty-fourth day of November, 1921 to be observed by the people of Illinois as a day of Thanksgiving, devotion and prayer. I ask that our people on that day in their homes and in their places of worship, give thanks to Almighty God for the blessings He has bestowed upon us and make humble supplication for the continuance of His divine favor. In our devotions let us also remember with prayers of thankfulness the valiant souls who gave their lives across the sea for civilization and humanity and let us pray that God's blessing may rest upon the bereaved ones at home. And let us not forget the suffering and dependent heroes who returned to us with impaired health and broken bodies but with the light of victory shining in their eyes, for to them is due the homage and protecting care of our people."

## GREATER SERVICE IN CHURCH WORK URGED BY SPEAKERS

Supreme Challenge is Said to Be American Cities

(By The Associated Press)  
DETROIT, Mich., Nov. 15.—A call to clergy and laymen of the Methodist Episcopal church in all parts of the world for great service in all departments of the church activities was sounded by speakers at the opening session of the denominations' national conference here today.

Pleas for more concerted efforts in behalf of the sick and needy, aliens in congested city districts, those in remote mountain and desert places and for elimination of racial prejudices were made by bishops, ministers, missionaries and laymen.

Bishop Robert E. Jones, the first negro to be appointed a bishop by the church and Emmett J. Scott, secretary-treasurer of Howard university at Washington, made the plea for greater consideration for the negro at tonight's session.

"The supreme challenge to the existence of Christianity is not India, Africa or China, but the American city," Rev. William M. Gilbert, superintendent of the bureau of foreign speaking word of the church said, explaining the need for efforts among immigrants. He described Americanization work being carried on in the larger cities.

## POPE'S ATTITUDE ON THE CONFERENCE

ROME, Nov. 15.—A reflection of Pope Benedict's attitude toward the subjects under discussion at the Washington conference was given today in an article published by the Corriere d'Italia, the semi-official vatican organ.

The newspaper said the pope had deeply studied proposals for arbitration and disarmament, holding that the simplest and the most efficacious mode of reaching disarmament was by the abolition of conscription, for without conscription, the normal life of a nation could proceed and war on a grand scale would be impossible.

The institution of obligatory arbitration would be the inevitable result of disarmament, the newspaper declared with the punishment by economic boycott being applied to recalcitrant nations.

HOPES TO SEND MORE TO THE CONFERENCE  
Secretary Findley has received a telegram from Boyd I. Walker, in regard to the Older Boys' conference to be held in Decatur last of this month. Mr. Walker stated that the list of fifteen delegates allowed Morgan county had been accepted, and that no more can be received until after the sixteenth of the month.

There are eight more applicants that wish to attend the conference. These names will be sent in regard to November 16. It is hoped that all of the twenty-three delegates will be able to go to Decatur.

## JURY IS NEARLY COMPLETED FOR ARBUCKLE TRIAL

Defendant's Attitude is One of Great Dejection

(By The Associated Press)  
SAN FRANCISCO, Nov. 15.—The end of the second day in the manslaughter trial of Roscoe C. (Fatty) Arbuckle saw eleven temporary jurors in the box and the general interest in the jury selection dwindling.

Five of those selected were women.

Arbuckle's attitude was of such apparent dejection that he remained almost aloof. He did not consult with counsel and at the recess periods remained by himself.

There were vacant seats in the court room thruout the day, altho the crowd in front of the building to see the principals go to and fro was larger than yesterday.

The activities of the Women's Vigilant committee, a moral uplift organization in watching the case and sending representatives to the court room, figured largely in the jury questioning today as it did yesterday.

The medical testimony to be introduced was also mentioned.

The talesmen were asked by the defense if such testimony might be connected by them in any way with any possible moral lapse on the part of Miss Virginia Rappe, in connection with whose death Arbuckle is being tried.

Indicated transgressions of the prohibition law by Arbuckle and Miss Rappe would have no effect on the talesmen, they answered. They also said that the detention of witnesses by the district attorney would not prejudice them either against the prosecution or the witnesses involved. The women in the box are all housewives and some of them have children who they said, "enjoyed the Arbuckle motion pictures."

## ARRESTED ON MAIL ROBBERY CHARGE

NEW YORK, Nov. 15.—Bert R. Chapman, an automobile salesman of Boston was arrested today as he was sailing for Europe on the Aquitania charged with disposing of securities which were part of the loot of a mail truck holdup in Los Angeles, March 3.

Securities valued at \$19,000, alleged to be part of the loot from the Los Angeles holdup, were traced to him, post office inspectors said.

While the robbery occurred March 3 it was not until June 14, that the securities appeared in Boston.

When arrested on the Aquitania, Chapman made a vigorous protest, the officers said and when under cross-examination denied the charges but offered what the inspectors termed "unsatisfactory explanations."

RETURN AFTER VISIT HERE  
Mr. and Mrs. A. M. Alexander returned yesterday to their home in Cherokee, Kansas after an extended visit in Jacksonville with Mrs. Alexander's sister, Mrs. C. H. Ausmus on West North street.

## TROOPS ORDERED OUT IN PACKING STRIKE IN IOWA

Sheriff Says Situation Is Beyond His Control

(By The Associated Press)  
DES MOINES, Ia., Nov. 15.—Four companies of Iowa national guard were ordered by Gov. N. E. Kendall to report for duty in Ottumwa, where a strike of employees of the John Morrell Packing company has been in progress for nearly a month. The troops were ordered following word from the county sheriff, county attorney and the mayor of Ottumwa, that the situation was beyond their control.

Fifty deputy sheriffs, sworn in this afternoon by Sheriff George H. Giltner, were on duty in the vicinity of the Morrell plant in Ottumwa tonight, according to information received here. Many of these deputies, it was reported, are Ottumwa business men.

According to reports received by Governor Kendall from Adj. Gen. L. G. Lasher, who was in Ottumwa, no disturbances occurred today except an outbreak early this morning, when groups of workers and pickets clashed and a number of men, including several officials of the company, sustained minor injuries. There had been a number of previous outbreaks with minor casualties since the strike started on October 19.

Workers at the Morrell plant numbering approximately 1,300 walked out on strike following differences over working conditions and a reduction in the number of guaranteed working hours per week. Company officials yesterday reported that it was operating with about 600 workers.

Mayor Charles Chilton and County Attorney Newton W. Roberts joined Sheriff Giltner in the appeal to Governor Kendall for troops. All three officials stated that the situation was beyond local control.

It was unofficially stated here tonight that the troops would leave Des Moines shortly after midnight and would arrive in Ottumwa ready for duty before 6 o'clock tomorrow morning. Col. Guy Brewer, will be in command.

District Judge D. M. Anderson late today granted the company a temporary injunction enjoining members of the Amalgamated Meat Cutters & Butcher Workers from picketing the plant, intimidating employees or acts of violence. More than 100 strikers were named defendants in the petition.

## OPEN BIDS FOR 108 MILES OF HARD ROADS

(By The Associated Press)  
SPRINGFIELD, Ill., Nov. 15.—Bids on 108 miles of road paving; eight counties, opened by state highway officials today indicated that the cost would run well below \$30,000 per mile, the maximum figure at which Governor Small said the state would award contracts this year.

On some sections bids as low as \$19,000 without cement, were received. Cement is furnished by the state at an approximate cost of \$7,000 per mile.

Highway officials had not completed checking tabulations for inaccuracies tonight but the apparent successful bidders follow:

Mantel & Ethingham, Ill., roads in Marion and Fayette counties.

Ernst Berns & Co., Chicago, Washington county roads.

Powell & Gauen, Collinsville, Ill., Monroe county roads.

Fred C. Nelson, Racine, Wis., Stephenson county roads.

L. O. Kuhn, Bloomington, Ill., Trumpeter & Sons, Peru, Ill., and the Weber company, Iowa, Mich., Bureau and Henry county roads.

Frank Reis, Quincy, section one, and Cameron, Joyce & Co., Keokuk, Iowa, section two, Adams.

## WILL SUE FOR SHARE OF HANNA ESTATE

WHITE PLAINS, N. Y., Nov. 15.—Miss June Avis Evans, who claims to have been engaged to the late Dana R. Hanna, millionaire Cleveland publisher, today began proceedings indicating her intention to sue for a share in the estate estimated at his death to be worth \$10,000,000.

Mr. Hanna's will, which was filed here today, divided the bulk of his estate between his three sons, provisions having been made for his daughters, in his life time and no bequests having made to his four divorced wives.

Mr. and Mrs. A. M. Alexander returned yesterday to their home in Cherokee, Kansas after an extended visit in Jacksonville with Mrs. Alexander's sister, Mrs. C. H. Ausmus on West North street.

## JAPAN AWAITS AN INITIAL MOVE BY THE UNITED STATES

Adopts the Policy of Watchful Waiting on Far Eastern and Pacific Questions—Are Sensitive of Criticism of their Policies—Are Eager to Discuss Their Position

(By The Associated Press)  
WASHINGTON, Nov. 15.—On the eve of the discussion of Far Eastern and Pacific questions in the Washington conference, Japan awaits an initial move by the United States. Meanwhile she assumes a position of watchful waiting.

The committee of nine representatives of the United States, Great Britain, Japan, France, Italy, China, Holland, Belgium, and Portugal, has its first session tomorrow morning.

Altho the Japanese for the moment adopt the role of observers, it was made plain that does not mean they will not pursue a positive attitude at another time.

They are waiting with interest for any presentation of a broad program and will hold themselves in readiness to discuss exhaustively Japan's past and present policies.

The Japanese are sensitive to the criticism of their policies and they are said to be eager for an opportunity to discuss their position.

It is indicated that Japan would be glad to have the Washington conference find a way of settling the Shantung question in a matter that would humiliate neither China nor Japan.

The beginning of the Far Eastern discussion finds Japanese people are engaged there in profitable enterprises. The immense harvest from the wheat fields is transported by the great Japanese artery the South Manchuria railroad, the original lease for which expires within a year or two.

It connects in the north at Chang Chun with the Chinese Eastern railway which runs to the important distributing center of Harbin. The control of the Chinese Eastern is one of the matters matters on the agenda of the conference. The Japanese regard this line of great significance to their future economic activities.

Japan apparently wants some principles clearly enunciated at the conference assuring her the right of logical and necessary economic development based upon the needs of her growing population.

## REDUCTION IS FAVORED IN SUBMARINES

Great Britain Thinks Aggregate Should Be Reduced

(By The Associated Press)  
WASHINGTON, Nov. 15.—While Arthur J. Balfour, head of the British delegation, did not go into details of today's plenary session of the armament conference as to modifications in the American plan desired by the British it was explained later for the British naval experts that as to submarines they believed that not more than 45,000 tons each in the aggregate in these craft should be allowed for Great Britain and the United States and a proportionate reduction of the allowances of the American program should be applied to Japan. The British naval experts thought, it was said that the 30,000 tons allowance of the American plan was too large.

"In addition it was said the British experts considered it essential that a limit be put on the size of individual submarines as they said had been "admirably" proposed by Secretary Hughes for battleships. The purpose, it was said, was to confine submarines to purely defensive work and make them incapable of use overseas.

"If you stop building big battleships, you should stop building submarines," it was said.

Touching Mr. Balfour's suggestions as to naval shipbuilding, it was said, that the British view was that there should be a single building yard or so, retained by each nation capable of turning out one ship a year, instead of keeping up all the big warship building yards ready to start up at once at the end of ten years or any other time, if relations were strained.

Great Britain, it was further said, was anxious that any limit as to auxiliary craft, leave a sufficient force for the policing of the seas.

"You need police, evidently, even in free America," it was said.

RETURNS TO HOME IN CALIFORNIA  
W. T. Dodsworth left yesterday for his winter home in Berkeley, Cal., after six months spent in Illinois improving his farms and constructing several buildings.

Mr. Dodsworth's family is already in Berkeley. He has a real estate office in that city, which he takes charge of during the winter.

RETURNS TO CHICAGO  
Leonard Patterson has returned to Chicago after a brief visit here with his mother, Mrs. William Patterson of West Lafayette avenue. Mr. Patterson has been engaged in business in Chicago for a number of years.

## HOLDING SON IN PARENTS' DEATH

(By The Associated Press)  
SAGINAW, Mich., Nov. 15.—County authorities here today were holding Richard Champlain, 22, pending investigation into the death of his parents Mr. and Mrs. Adrian B. Champlain, whose bodies were taken from their farm home near Hemlock, 16 miles west of here after fire had leveled the structure.

The youth escaped uninjured and the authorities assert saved most of his personal belongings when the fire was discovered.

His parents died in their bed. Officers assert bloodstains were found in the bed.

A sale of Morgan county farm land recorded yesterday does not show prices at the peak of a year ago. However, it does show that good land commands a good price, and that men who are well versed in agricultural affairs believe that figured on a basis of years that farming with fertile prairie land is a safe and profitable business proposition.

The way that merchants of Jacksonville are uniting for the Dollar Day special sales shows a fine unity of effort. One hundred merchants are joining in this sales program, which will mean a wide range of genuine bargains and hundreds of visitors in the city. These special sales are helpful to the buying public, and the unity of spirit which they engender among the merchants is in itself a very helpful factor.

A number of Democratic papers are getting immense satisfaction out of the fact that former President and Mrs. Wilson were cheered when they appeared in a Victoria in the Armistice day parade at Washington. That a former president of the United States is once more able to appear in public after a long period of illness is a proper cause for some manifestation of public feeling. There was no special reason why the applause should be accounted as such a remarkable evidence of personal popularity.

The election last November was the best test on that subject.

## THE GREATEST WORK

A Jacksonville woman, Mrs. Butler, long a resident, came to the end of her life journey the other day. It so happened that she had lived a home life in comparative obscurity and never had a part in public affairs. Yet it is recorded that home making and character building were her primary objects in life. She lived to see her children attain years of maturity and filling places of trust and responsibility.

So this woman of humble life, known to comparatively few residents of the present day, has left the greatest monument that it is possible to build. No doubt her sons and daughters realize now as never before what a good and great woman their mother was, judged by the standards that are really worth while. For, after all, salary, earning power, position and the other things that we commonly take into account are trivial.

No one performs a greater work than the woman who meets the duties of each day cheerfully and as a home builder seeks to inculcate in her children those principles which will in the after years be the foundation of sturdy character.

## PATRONIZE AMERICAN INDUSTRIES

In a recent editorial discussing the benefits to be derived from the consistent maintenance of the policy of patronizing local industries, the Haverhill, Mass., "Record," gives as one reason why this policy should be pursued, "The community that spends most of its money abroad for supplies soon finds that it has little left for the purchase of additional supplies."

That is an argument which not only applies locally to communities in the United States but applies to the United States in its relations with other nations of the world. A community that is always buying supplies from the outside is soon deprived of money and there is little employment for its people. Every dollar kept in the community continues to circulate in that community and furnishes employment for local residents who become purchasers of supplies produced in the community. This does not mean that people should never buy anything from other portions of the country. Such a policy of exclusiveness would not be possible; but it does mean that whenever practicable it is for the best interests of a community to patronize its own industries and make it, so far as possible, self-supporting.

## REPUBLICAN STEWARDSHIP

There has been much partisan bickering concerning the amount of estimates for federal expenses, the amount of appropriations made, etc., declares the republican publicity association, but the real test of the republican record will be determined by the treasury reports showing actual cash spent. There can be no camouflaging that. As everybody knows, the federal fiscal year ends June 30. The expenditures were in full charge of expenditures up to March 4, 1921, or for eight months of the year ending June 30, 1921. The Democrats had not only spent the money for eight months of the year but they had made contracts and commitments covering the entire year. The republicans, therefore, cannot be held accountable for any of the expenditures for that year. But for the year beginning July 1, 1921, and ending June 30, 1922, the republicans will be accountable, except that, of course, they cannot avoid paying indebtedness incurred by the previous administration.

"A national debt is binding regardless of the political party that incurred it. We have, for instance, an annual interest charge of approximately one billion dollars, which the nation must pay for a number of years to come, which ever party is in power. The amount of this pay-

ment is something that the republican party cannot be held accountable for, for it was the democratic party that managed the business of the war. The fighting in Europe was non-partisan, but the letting of contracts, the adoption of fiscal policies, the purchase of supplies, the erection of buildings, the transportation of troops, etc., were kept closely under the control of partisan democrats or Wilsonites of some other party affiliation. The payment of the debt or the interest on the debt or the payment of obligations left over from the Wilson regime cannot be charged to the present administration. That is so plain a proposition, that no one will dispute it.

## NOTES ON THE WIN-MY-CHUM CAMPAIGN

At the Grace Epworth League Tuesday evening, led by Miss Ida Vollrath, the topic was "Following Christ, the Leader." Quite a large number of young people participated in the luncheon at 6 o'clock. Miss Vollrath brought out the facts that sin and righteousness are the two forces at play in the world. Each has its leader. Each plays its own kind of game. Sin blinds its player with innocence, tinsel, bright lights, false promises, and easy ways. Its followers are many because they rush headlong and consider not their leader; because its crowd makes the biggest noise; because its way is that of least resistance; because its game is faster.

The leader went on to say that righteousness offers nothing false to its followers. Its game is open and players' eyes are not blinded. Its rules are stricter. The players know their sure reward. Its numbers are fewer, but the contestants more worthy. Its hour of play does not leave the body weary or the mind drugged; but each day adds to character, intellect and honor.

Both sides are calling to young people to join their game. One calls clamorously and loudly; the other clearly and incessantly. History records no story of a more determined and aggressive leader than Jesus Christ. This leader, this Christ, is not a timid, hesitating commander, but an aggressive militant man, worthy to be followed. Upon the leadership you select will depend the outcome of your life. The value of a wise choice cannot be too strongly emphasized.

Jesus Christ would lead you, wherever you go and give to you the greatest dividends on life investment. The speaker then made clear that it is not a question of giving up your rights or independence in the acceptance of Jesus as your leader, so much as it is making a decision as to whether or not you are willing to be led into higher and greater things which your vision does not now behold.

"Follow me, and I will give you pleasure, satisfaction of passion, worldly goods and power," call the false voices. But to the pleasure is added, though never mentioned in the call, resulting sorrow, remorse, despair; to passion, suffering and its pangs of regret; to worldly goods, greed and selfishness; to power, lust and contempt for fellowmen.

But again comes the words, "Follow me." This time it is the call of the great leader, Jesus Christ. What holds He in store? Pleasure? Yes, and character; power with honor; positions of trust and respect; love of and for our fellowmen; cleanliness of body and mind; vision; independence; freedom from lust and life everlasting.

The speaker closed by saying that Jesus asks nothing without a promise of a rich reward. He is a stranger to failure and a constant companion to joy and success. He is the one safe leader for men and nations today.

The topic for Wednesday evening is "Following Christ, My Comrades on the Way." Rev. T. H. Tull will have charge of the meeting.

## SALE FOR THE BUDGET CAMPAIGN

There will be a sale of used shoes, garments, books, rugs, furniture at 253 West Court street Saturday from 10 a. m. to 6 p. m. Anyone having anything to give to this cause may deliver at the above address or call Miss Olive Blunt, Ill. 50-1150, who is superintending this prior to Saturday.

One half of the proceeds will be issued to the treasurer of the United Budget and one half Miss Blunt will use to meet needs known to her. Anyone having an auto who can assist in collecting may help. All efforts in behalf of the undertaking will be appreciated. The results of this effort will be reported with other offerings to the campaign.

## UNITED BUDGET DRIVE

Solicitors for the United Budget campaign began their work Tuesday in earnest. In the main the responses were generous, the people seeming to understand that the need is urgent and only the money required for the work in prospect is being asked. Because of some delays in receiving reports on the days work it was not possible last night to get an estimate of the total of the days contributions.

Anton Bender of Alexander was a visitor in the city yesterday.

## DEATHS

## Strawn

The home of Mr. and Mrs. Henry Strawn 705 West College street, was saddened yesterday morning at 10:30 by the death of their child, Henry, who quietly breathed his last after a lingering illness of a number of months. All that love, money and medical skill could do for the boy was done, but in vain. He was born June 6, 1910 at Alexander, where his parents were then residing. Later they moved to Strawn's Crossing and to this city four years ago. Henry was a pupil at the Washington school and was much beloved by both teachers and playmates. He was in the fourth grade, making good marks, when illness caused him to leave school. He is survived by his parents, grandparents, Mr. and Mrs. William Davenport, and grand father, Joel Strawn, all of the east part of the county. The parents have the sincere sympathy of a large circle of friends in their bereavement. The funeral will be conducted at the family residence, 705 West College street, at 2:30 p. m., Rev. M. L. Pontius, officiating. Burial will be in Diamond Grove cemetery.

## Moeller

Ernest Frederick Moeller died at Edinburg, Ill., Monday, Nov. 14. Age 87 years, 2 months, 11 days.

Funeral services will be held at Salem Lutheran church in this city Wednesday afternoon at 2:30, in charge of Rev. Professor Louis Wessel of Springfield, Mr. Moeller's pastor at Edinburg and Rev. J. G. Kuppler. Burial will be made in Diamond Grove cemetery.

Mr. Moeller was born in Hanover, Germany, Sept. 3, 1834. At the age of 20 years he emigrated to America, settling in Beardstown. Here he was married to Miss Maria Greenmeyer. Two children were born of this union, namely: Mr. Edward Moeller of Cincinnati and Mrs. Charles Witte of Arenzville. Mrs. Moeller died in 1875. In 1876 Mr. Moeller was married to Miss Marie Reinking. Of this union seven children were born and all survive.

For many years Mr. Moeller lived in the Lydda neighborhood, near Meredosia. In 1902 he with his family to Jacksonville and lived on a farm south of this city. Mr. Moeller's second wife died in 1905. Nine years ago, Mr. Moeller, 77, making his home with his children, moved with them to the vicinity of Edinburg, Ill. Here in his advancing age he was lovingly cared for by his two youngest daughters. At the home of Emma, now Mrs. Laurel Steward, he spent his last years and passed away.

All his life Mr. Moeller was a faithful and devout member of the Evangelical Lutheran church, holding membership successfully in the congregations at Beardstown, Lydda, Jacksonville and Edinburg. He was a man of sterling christian character and integrity and interested at all times in the welfare of his country, his neighborhood and the kingdom of God. Wherever he lived he made his influence felt for good. Hence he was highly esteemed by all who enjoyed his acquaintance.

He is survived by the following children besides those named above: Louis and Fred Moeller and Mrs. Charles C. Thies of Jacksonville. Chris and Theodore Moeller, Mrs. Laurel Steward and Mrs. J. E. Ross of Edinburg. Nineteen grandchildren and nine great grandchildren.

## W. C. T. U. MET WITH MISS OLIVE BLUNT

The Jacksonville W. C. T. U. met with Miss Olive Blunt yesterday afternoon. Mrs. Anthony Brannon presiding. She led the Scripture lesson and Miss Blunt led the prayer. In the absence of the recording secretary the minutes were read by Mrs. Charlotte Gray.

It was unanimously voted to request the local papers to insert in their columns "Prayers for Washington, November 16," which appeared in the Gleanings, a publication of the Baptists of Japan, which has a large circulation both here in America and in the Orient. The Union expressed itself in favor of prosecuting and reporting bootlegging. The Union disbanded by saying the temperance doxology.

## J. D. DANA DIED AT ST. LOUIS HOME

Death Came to Prominent St. Louis Following Stroke of Apoplexy—Mr. and Mrs. L. W. Brown to Attend Funeral.

The death of Jesse Dwight Dana of St. Louis occurred at his home, 4483 Laclede avenue, St. Louis, at a late hour Monday night, according to a telegram received by his brother-in-law, Lloyd W. Brown. The death of Mr. Dana was the result of a stroke of apoplexy and his illness was of very brief duration.

Mr. Dana's earlier home was in Brookline, Mass. Subsequent to his marriage to Miss Clara Robb Brown of this city, daughter of the late Hon. William Brown, their home was established in St. Louis.

For a number of years Mr. Dana was identified with the Mississippi Valley Trust Co. In more recent years, associated with other well known St. Louis business men, he had erected a number of business buildings and has been the manager of these properties.

The deceased is survived by his wife and two sons. Mrs. Dana was a man of fine character and liberal education. His record had been of a kind to entitle him to a place of high regard in the business life of St. Louis.

Mr. and Mrs. Lloyd W. Brown will go to St. Louis today to attend the funeral, which will be held Thursday morning.

## DOKAYS CHANGE CEREMONIAL DATE

Iderim Temple Compelled to Change Date—Will Be Held Thanksgiving Night

Iderim temple has been compelled to change the date of the fall ceremonial from Saturday night, November 26, to Thanksgiving night.

This was done because many local members are unable to get away Saturday night and because members of the temple residing in Roodhouse also sent word of their inability to be present.

The arrangements will go forward for the same sort of celebration as had been planned for the original date. The banquet will be served at the same hour with the work starting immediately afterward. All Dokays will please note the change in date.

## HOTEL COMMITTEE HELD CONFERENCE TUESDAY

H. L. Stevens, a representative of the Stevens Hotel Co., of Chicago, came to Jacksonville Tuesday night to hold a conference with the hotel committee of the Chamber of Commerce. Henry Frisch is the chairman of the committee and arranged for the visit of Mr. Stevens.

The conference was held at the Chamber of Commerce headquarters last night and general plans and possibilities were thoroughly discussed. Another meeting of Mr. Stevens and the committee will probably be held today.

## A CLOSE CALL

The venerable J. D. Turner of Ashland was in the city yesterday visiting his friends, George Douglas and wife, Mr. and Mrs. C. L. Mathis and others. The worthy gentleman is nearing his 84th birthday and while he admits he is growing old and feels the conditions accompanying advanced age he is yet remarkably strong and vigorous and withal a very genial, pleasant gentleman.

He was a member of the famous 33d regiment in the Civil War, the regiment in largely recruited about Normal and called the school teachers' regiment. They saw plenty of hard service and some thrilling encounters.

In the regiment were Private Joe Fifer, afterwards governor, and his brother, a lieutenant. The day before the battle of Stone River the lieutenant remarked to his brother officers that he had a strong feeling, a

kind of presentiment he couldn't shake off. Next morning the same thing was with him and he mentioned it whereupon the other officers of the company told him not to go into the fight as he could do something else equally honorable but he said he had been in too long to show the white feather and he wouldn't begin then. He went into the dreadful engagement and was killed.

Mr. Turner said he saw a cannon ball in the air fall and rebound, fall again and rebound, that time landing in the midst of a body of men. It knocked the knapsack from the back of one man and struck just at the feet of another causing him to turn a complete somersault. Mr. Turner said he supposed of course the man was killed, but to his astonishment he rose to his feet and took his place in the ranks.

"Are you able to save money? If not, drop out. You will lose. You may think not, but you will lose as sure as you live. The seed of success is not in you."

## 'Man, Woman and Marriage'

STARRING

Dorothy Phillips and James Kirkwood

With more than ordinary pleasure we announce the presentation of "Man-Woman-Marriage," the biggest motion picture of the year. A special First National attraction directed by Allen Holubar. This production has been aptly termed a mighty mile-stone in motion pictures. There could be no better name for a picture that is at once a woman's heart, and combined with vast spectacular moments wherein thousands of actors, pagan dancers and barbaric beauties participate. Hordes of women ride bare-legged bare-breasted, bare-chested, in the mighty battle of the Amazon with a woman as their leader. Thousands of horses—wild monkeys, lions, tigers, chimpanzees, and bears besides. These are the mighty army which Allen Holubar used in the magnetic sequence of drama, revelry, riot and sex antagonism of "Man-Woman-Marriage," the stupendous First National attraction that marks a new mile-stone in film production in America.

Time of Shows—1:30, 5:00, 6:30, 9:00

## MISSIONARY IS DROWNED IN CHINA

Rev. Ellis Gish Loses Life Trying to Save Girl—Was Well Known in This City.

News that will be a shock to residents of Morgan county and especially those of Concord, was received by Mrs. W. H. Williamson, in a newspaper clipping telling of the death of Rev. Ellis Gish, who drowned in an attempt to save a young girl's life in a stream near Kuling, China.

The deceased was very well known in Jacksonville and was for three years pastor of Concord Christian church. Mrs. Williamson who was a personal friend, received the following clipping from a Eureka newspaper, telling of the missionary's death:

Miss Parker stepped into the upper pool where the water was shallow and tried to float. An eddy or whirlpool current drew her into deeper water and she cried for help. Mr. Gish went to her rescue and threw out a towel holding one end in his hand. The current then pulled them both and they cried for help. Mrs. Gish and the other two girls tried to reach them with umbrellas, but the distance was too great. Miss Parker struck out alone, although she swims very little and the eddy took her around by a rock from which the other young ladies could throw her a rope and she was saved. Mr. Gish immediately sank to the bottom without coming up once or seeming to struggle in the water. From every indication it was a case of heart failure. Mrs. Gish was frantic and swam in twice trying to reach him as he had sunk in the deeper part of the pool near the water falls. She could see from the high cliffs above his body resting face down on the bottom, but the water was too deep to reach him even though she tried to dive. At last, fully one hour later or about 1 p. m., she gave up and said to the other girls, "No more can be done, he is in God's hands now." At once she dispatched a coolie who ran almost the whole way to Kuling for men to rescue the body. Five of us foreigners, Mr. Sarvis, Mr. Griffing, Mr. Bates, Mr. Buoy and myself started as soon as we could get chains, rope, kant-hooks, etc. It took us three and a half hours to walk the fourteen miles, arriving at 11:00 that night. The girls were being well taken care of in the Temple, but of course were very anxious to see us. We tried that night to rescue his body even though it was a very dark night, but without success.

The next morning early after three hours work the five of us men were able to get the body out and two of our group started a head to reach Kuling by noon if possible in order to have the coffin made and announcement sent out about the funeral. The remainder of our party with the ladies reached Kuling at 4:30 and the funeral was held at 5:30 from the home of Mr. and Mrs. Gish.

Open and ready for business, Zahn's new filling station, South Main street.

BOY HAS LEFT EYE INJURED

Douglas Kirchner, thirteen, the son of Mr. and Mrs. Frank Kirchner of Beardstown, has been brought to Passavant hospital here, suffering from a serious injury to his left eye. Physicians in charge state that there is hope of saving the eye, but it will be some time before his recovery is complete.

Douglas was playing with two boy friends, having some target practice with sling shots. One of the boys unintentionally released a slug, which struck Kirchner in the eye. He was immediately brought to Jacksonville for treatment.

## MINERS' PRESIDENT IS NOT IN FAVOR OF HOWAT POLICIES

Head of Arkansas District Offers to Debate the Question

(By The Associated Press)  
FORT SMITH, Ark., Nov. 15.—Declaring that "it does not lend prestige to our organization to support President Alexander Howat of District No. 14 (Kansas) in his present attitude," President John Wilkinson of the Arkansas district miners, today in an address at the opening of the district convention here, challenged Howat's supporters to debate with him on the subject of supporting the Kansan.  
President Wilkinson declared he deplored the fact that District No. 12 (Illinois) is acting in concert with President Howat and asserted that "it may be there is a selfish motive in such a course."  
Referring to an agreement reached last week by the Illinois miners at their state convention to raise ninety thousand dollars a month for the benefit of the striking Kansas miners, Mr. Wilkinson said it would be to "the selfish interest of District No. 12 to donate a few measly dollars to the Kansas field and in return fill the orders that the Kansas field previously filed."  
President Wilkinson's district comprises Arkansas, Oklahoma and part of Texas.

## FOUR GREAT POWERS ACCEPT PROPOSAL

(Continued from page 1)

Second—That to protect future knowledge and skill in capital warship construction each nation retain one capital ship building yard capable of producing a ship a year and scrap all other warship building facilities.

Third—That allowances be made in the American replacement schedules of light craft such as light cruisers and gunboats, not of particular use in any naval offensive or defensive operations for the adequate policing of the seas by all naval powers.

So far as could be learned tonight the Japanese modifications to be urged will be in connection mainly with the fixing of Japan on the basis of sixty per cent of the naval strength of either other power. Her spokesmen, it was learned, will later endeavor to show that some increase of tonnage should be offered her. The suggested increase will probably relate to all classes of ships, including submarines.

A strong impression prevails that British proposals for limitation of the size of submarines will not prove acceptable to American naval officers. It is well known that American naval opinion regards the submarine as a potential war weapon of greatest value to the United States and not to be surrendered on any argument thus far presented.

To reach its full efficiency the American officers argue, the submarine must be a seakeeping vessel of great size so as to be habitable for her crew. There were decided expressions against the British idea that by limiting sizes the submarines could be tied down to defensive operations in their own home waters. To agree to such a plan, it was said, would be to sacrifice a weapon the United States has every reason to retain.

As to the suggestion in British circles that submarines are not a proper weapon of naval warfare, the American view is that the use of submarines in warfare is a question aside from that now being discussed.

### J. P. KERR WILL BE RESIDENT HERE

Brown County Man Purchases Fitch Property on Mound Road.

The M. R. Fitch property on the Mound Road better known as the Yingling home, is again to change ownership. The property was purchased not long ago by Samuel Bailey, Winchester and yesterday was sold by Mr. Bailey thru S. T. Erickson as agent to J. P. Kerr of Versailles. This transfer is not to be effective until next fall, and Mr. Bailey and his family will occupy the property until that time.

Mr. Kerr farms in a large way and owns 1600 acres of land in the vicinity of Versailles, a large portion of it being within a drainage district. It is understood that his purpose is to come to Jacksonville on account of educational advantages and wanted a place with acreage large enough to permit his keeping some livestock.

### GLEANERS CLASS

#### HELD MEETING

The Gleaners class number five of Northminster Sunday school had a regular monthly business meeting last night at the home of the teacher, Mrs. E. L. Mendonsa. A fine attendance of members were present.

During the social hour following the business session, Mr. Zora favored the class with two beautiful piano solos. Late in the evening the hostess served delicious refreshments.

### TELEPHONE LINEMEN

#### SUFFERS INJURY

F. R. Bilbruck, of Freedman street, painfully injured his knee yesterday morning when a thirty foot telephone pole fell on it. Bilbruck is employed by the Illinois Telephone company, and was one of a crew erecting one of the poles in the country. He was climbing up the pole when it broke off even with the ground, falling and pinning his right knee. He was taken to Dr. A. M. for treatment. No bones were broken, but his leg was badly bruised.

### MINERS IMPERILED BY SURFACE FIRE

Denver, Colo., Nov. 15.—A fire which broke out tonight in surface buildings of the Monarch Mine, two and a half miles south of Louisville, Colo., destroyed the tipples of the mine and caused damage to the amount of which has not been estimated, according to a report received here.

Nine men who were reported to have been trapped in the mine were said to have been rescued thru an air shaft. The cause of the fire has not been discovered. The mine is the property of the National Fuel company.

### OHIO STATE THINKING ABOUT ILLINOIS GAME

Columbus, Ohio, Nov. 15.—Regarding a proposed Iowa-Ohio State post-season football game, as mentioned in a dispatch from Iowa City, Athletic Director L. W. St. John, of Ohio State University tonight said:

"At the present time Ohio State can be concerned only with the Illinois game."

The Illinois game will be played here next Saturday.

## ATTORNEY GENERAL OF MASSACHUSETTS HAS BEEN INDICTED

Action is Probably the Result of a Political War

(By The Associated Press)

BOSTON, Nov. 15.—Attorney General J. Weston Allen, a justice of the state supreme court whose name has not been officially announced, and W. Edwin Ulmer, an attorney of this city, were named in secret indictments returned today by the Suffolk county grand jury.

The charge against the attorney general is larceny of \$154 and is said to be based on a case in which he acted as counsel several years ago.

The other indictments were on evidence distinct from that against the attorney general. They resulted from a grand jury investigation of charges of bribery and graft in connection with the affairs of the Waban Rose conservatories and the Henry Woods' Sons company, paint manufacturers, in Wellesley.

These s were presented to the grand jury thru the office of dis-Attorney Joseph C. Pelletier who was himself in court today as a defendant in disbarment proceedings brought by the attorney general. The disbarment action and a petition also filed by Attorney General Allen for Pelletier's removal for alleged improper use of his official position are now pending before the supreme court. The district attorney asked for postponement of both actions until after the municipal elections on December 13, on the ground that he would be greatly occupied until that time by his activities as a candidate for mayor of Boston.

## PENNSYLVANIA WILL NOT REDUCE WAGES

CHICAGO, Nov. 15.—The Pennsylvania Railroad will not reduce wages except through the orderly process of appeal to the United States railroad labor board, as provided by the transportation act, President Samuel Rea announced today in a letter addressed to every employee, notifying each that the road would file the necessary petition.

Seventy-five roads in the western district mailed notices of contemplated requests for wage cuts to their employees today.

Mr. Rea's letter in part follows:

"It is manifest that the present wage scales must be reduced in order to meet the public demand for such lower rates and the company therefore will proceed in accordance with law but will not make wage reductions until conferences have been held with the employees and the requirements of the transportation act have been complied with.

### E. B. CONOVER LOSES BOARD OF TRADE

Chicago, Nov. 15.—E. B. Conover of Springfield, Ill., was expelled from membership on the Chicago Board of Trade by the directors today on a charge of dishonorable conduct. His membership, valued at \$6,000 was ordered forfeited. The board's action followed charges that he loaded grain out of an elevator at Peoria, Ill., and failed to cancel the warehouse receipts.

## LORAIN OVEN HEAT REGULATOR

Cooks a whole meal in the oven while you enjoy yourself miles away. This is the enthusiastic praise of the thousands of happy owners of a "LORAIN" equipped gas range.

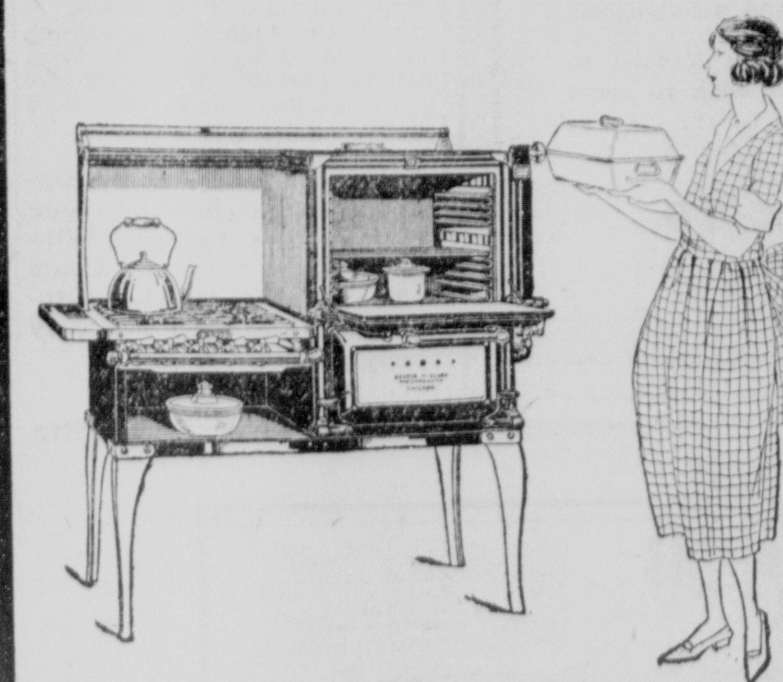

We actually mean it. Sounds too good to be true, yet it is a fact. "LORAIN" will cook a whole meal in the oven, including soup, roast, vegetables and dessert, without watching, while you are miles away.

And when you return from an afternoon of recreation, the meal is ready for serving at once. You do not have to change your pretty afternoon frock.

The delightful part of this magic contrivance is that the meal is more deliciously cooked than if you had pot-watched it the whole blessed afternoon.

Think—you enjoy this wonderful freedom with its splendid meal and only spend 30 minutes or so in its simple preparation.

### About Time and Temperature Baking

"LORAIN" makes your favorite recipes more delicious. It provides that every baking day is the equal of your "luckiest day."

This is because the evenly maintained measured heat gives you always the one best temperature for every baking. Every recipe has its ideal over heat necessary for best results and "LORAIN" enables you to have always that perfect degree.

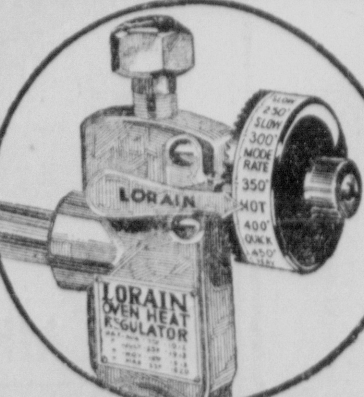

And it is all so extremely simple—the choice of 44 precise oven heats—as easy as turning a door knob.

The membership of the Morgan county breeders' fair association is well represented at the meeting last night. Reports were presented from the various departments and J. L. Henry, Albert H. um and S. J. Camm were elected officers.

The officers of the association are: President—L. A. Reed. Vice president—J. L. Henry. Treasurer—C. S. Black. Secretary—H. J. Rucker.

The financial report presented showed that the association has \$900 in assets. There was a deal of discussion with reference to the advisability of having a fair and it was decided that the matter will be investigated carefully and a decision reached on.

As already mentioned, there is hope that the association may see the light.

## SCHOOL OF RELIGION GROWS IN INTEREST

Movement Started By Methodist Churches of Jacksonville Promises to Very Successful—School Meets Weekly.

The school of religion which was organized some weeks ago under the direction of the Methodist churches of Jacksonville is succeeding beyond the expectations of its organizers. The meeting last night was the largest in attendance thus far. Each of the four classes has had a growing interest from the start and the enrollment is also increasing. Some members of the classes are coming from a distance of twelve miles.

The course of study is one that touches the vital needs of the present time. It is of such a nature as to be exceedingly helpful to officers and teachers in the various organizations within the church, whether great or small, in the rural community or the city.

Leaders of young people's societies are getting a new conception of present day obligations and opportunities. A large number of parents have enrolled as members of the various classes. The courses of study are as follows:

Vocations Within the Church, taught by Rev. G. W. Randle. How to Teach Religion, taught by Prof. W. J. Weber of the Woman's college.

The Worker and His Bible, taught by Rev. C. D. Robertson. The Life and Teachings of Jesus, taught by Rev. T. H. Tull.

The school meets each Tuesday evening at the Illinois Woman's college at 7:30 o'clock. After ten minutes devotion exercises the classes go to their rooms. The recitations cover a period of forty minutes.

The members of the faculty and those who have thus far enrolled as students believe this movement will be far-reaching in its results. Both faculty and students are busy people but they are thoroughly convinced that they are making a valuable investment of the time which is being given this enterprise of religious education.

Any one who may wish to take this course of study or any part of it should at once confer with Prof. W. J. Weber of the Woman's college, or with any of the three Methodist pastors in Jacksonville.

We will welcome an opportunity to show you our stock of new Fall and Winter Dresses, Suits and Coats—beautiful materials, up-to-the-minute in style, and very cheaply priced.

### SHANKEN'S

#### REGIONNAIRES HELD MONTHLY SOCIAL MEETING

The regular monthly social gathering of the members of the local American Legion post was held last night in the club rooms. The attendance was not as large as is usually the case at the social meetings, but those present found the occasion very much worth while. There was plenty of music during the evening, the player piano in almost constant use, and sandwiches and coffee were served.

The post went on record as extending a vote of thanks to the Salvation Army and the Social Service league for the doughnuts and coffee served ex-service men on Armistice Day.

Open and ready for business, Zahn's new filling station, South Main street.

#### FUNERAL NOTICE

The funeral of Mrs. Anna Delaney will be held this morning at the Church of Our Savior at 8:45 o'clock. Interment will be made in Murrayville Thursday.

## BIBLE CLASSES IN SOCIAL MEETING

Men and Women Took Part in Program at State Street Church Following Oyster Supper.

Members of the men's and women's Bible classes and the officers of the Sunday school of State Street Presbyterian church were present at an oyster supper Tuesday night. There were 50 present and the occasion proved one of special interest and pleasure. The arrangements for the event were made by Mrs. William Floerich, Mrs. T. M. Tomlinson, Mrs. Charles Thompson, Mrs. H. A. Chapin and Mrs. James Brown.

Following the supper a program was carried out with Mrs. Lillian I. Danskin, president of the women's class, presiding. "Out of Town Echoes," was the title of the unusual program, which was the symposium of recent experiences of the speakers. Mrs. Louis Piepenbring told of the big American Legion parade in Kansas City. Mrs. A. L. Adams gave some facts about historic spots in Washington, Philadelphia and Baltimore which she and Dr. Adams recently visited.

Special mention was made of the Continental memorial hall in Philadelphia. Carl E. Robinson spoke in an interesting vein of the recent Kiwanis club convention at Aurora.

The medical convention in Philadelphia was the special theme of Dr. Adams and he told also of his visit to the Presbyterian historical museum. Mention was also made of the visit to a Swedish church, which was built in 1669, from bricks that were brought from Sweden.

The final speaker was Rev. W. H. Marbach, who was to answer the question, "What members of the two classes could do to help the church?" The minister spoke of increased fellowship and of the assistance that members could give in a personal way in the securing of new members.

Open and ready for business, Zahn's new filling station, South Main street.

#### WINCHESTER

Dr. H. H. Fletcher and wife, Mr. and Mrs. John Cee and son, Jack, were visitors in Springfield Tuesday.

Mr. and Mrs. J. Sherry of Chapin visited Tuesday at the home of Mr. and Mrs. Carl Woodall.

Mr. and Mrs. Lou Bailey were visitors in Jacksonville Tuesday. Frank Towell and sister, Mrs. Verne Hankins, left Monday night for Springfield, called by the illness of their father, Mike Towell.

Mrs. C. D. Sevier of Springfield Mo., and Mrs. O. A. Seymour of Jefferson City, Mo., who have been guests the past few days at the home of Mrs. Oliver Coultas and other relatives, expect to leave Wednesday for their homes.

#### WILL GIVE BUTTONS TO ALL MEMBERS

After the receipts for the United Campaign have been sent in, the Red Cross will mail membership cards and buttons to each subscriber, who has given a dollar or more.

#### TOOK GIRL TO GENEVA

Deputy Sheriff B. C. Andrews, accompanied by Mrs. Andrews, left last night for Geneva, Ill., taking with him Mildred Cline, who will be placed in the state home for girls. She was sent there on order from the county court.

#### ARRIVE FOR VISIT HERE

Mr. and Mrs. J. E. Hildreth and children of Edina, Mo., arrived Tuesday for a visit at the home of Mr. and Mrs. M. L. Hildreth on Hardin avenue.

David Davis of Sinclair came down to the city yesterday. M. E. Shay of Roodhouse was a visitor in the city yesterday.

## CLUBS AND SOCIETY

### Chaminade Club

The Chaminade Musical club met Monday afternoon at the home of Mrs. B. F. Lane on South Main street. Members responded at roll call with current musical events. Plans were discussed for concerts to be given by the club in the near future, and a most interesting and charming sonata program with songs by Schubert and Schumann was hendered as follows:

Brief history of the Sonata. Sonata No. 9—Moderato, adagio, finale, Haydn—Mrs. V. B. Vasey.

(a) Cradle Song, Schubert.

(b) Hedge Roses, Schubert.

(c) To the Sunshine, Schumann—Miss Paterson.

Sonata No. 12—Mozart—Miss Draper.

Sonata Op. 32—Dussek—Mrs. Charles Wolke.

(a) Moonlight, Schumann.

(b) My Sweet Repose, Schubert.

(c) The Lotus Flower, Schumann—Mrs. Robert L. Stice.

Sonata Op. 31, No. 3, Beethoven—Mrs. Homer Fetter.

(a) O' Sunny Beam, Schumann.

(b) Evening Boat Song, Schubert—Mrs. Charles Hopper.

Sonata No. 12, Beethoven—Mrs. B. F. Lane.

### Surprise Party Was Given Sunday Evening

Sunday evening Mr. and Mrs. L. K. Sutton and Mrs. John Lewis gave a surprise party at the Sutton home on the Vandellia road in honor of Mr. Lewis and Evelyn, daughter of Mr. and Mrs. Sutton. After the company had assembled, Mr. and Mrs. Lewis went to the Sutton home and it is needless to say that Mr. Lewis was greatly surprised, as was Miss Sutton. The guests proceeded to have a most enjoyable time and later in the evening refreshments were served. Both of the guests of honor were the recipients of a number of nice presents. Among the guests were Mr. and Mrs. Charles Virgin, their son, Raymond, and daughter, Bernice; Mr. and Mrs. Herbert Lumsden and daughter Ruth.

### Strawn's Crossing Club Met Wednesday

The Strawn's Crossing Woman's club met at the home of Mrs. William Thompson. There were quite a number of members and guests present. The paper of the afternoon was "Ancient Timepieces"—Mrs. Harry Foster.

A group of songs was given by Miss Mary Louise Clark with accompaniment by Miss Grace Skyles.

There were also two readings by Miss Josephine Rink. All these young ladies were from the Woman's College.

Announcement has been made of the approaching marriage of Miss Gertrude S. Kumble to John S. Mandeville. These young people are well known here and will make their home in this city. The wedding will take place on Thanksgiving day, at the Church of Our Savior.

### Entertains for Guest

Mr. and Mrs. Ben Cade entertained at 6 o'clock dinner last evening at their home on West State street in honor of Miss Vesta Paul of Waterloo, Ia., who is a guest of Mrs. Cade. A delicious menu was served and the event proved a most delightful one in every way. Among the guests were Miss Lucile Short and Miss Floreola Short of Murrayville.

### Mrs. L. C. Henry Surprised

There is probably no one in the city toward whom a force of employees feel more friendly than Mrs. L. C. Henry and Monday night they showed it in a substantial manner. Knowing that it was the worthy lady's birthday

### Strawn's Club at Thompson Home

The Strawn's Crossing club met yesterday afternoon at the home of Mrs. William Thompson, east of the city. Mrs. J. W. Rawlings gave a discussion of "Popular Songs," and Mrs. Harry Foster read a paper on "Ancient Timepieces." A line from a state song was given by the members for roll call. During the social hour at the close of the afternoon the hostess served excellent refreshments. Guests of the club yesterday afternoon were Mrs. Will Arnold, Mrs. W. T. Scott, Mrs. Henry Northole, Mrs. Amos Coker, Mrs. Newman Audie, Mrs. Harry Thompson, Mrs. Will Ledford, Mrs. Tom Boyd and daughter, Miss Fannie Bold, Mrs. Stephen Dunlap and daughter, Miss Ruth Dunlap, Mrs. Walter Bozarth, Mrs. Wesley Fox, Mrs. Charles Mathews, Mrs. Roy Scott, Mrs. Charles Dodds, Mrs. Daniel Moy, Mrs. William Bibbs and Mrs. Audrey Brown.

### Gave Birthday Party for Son

Mr. and Mrs. C. Justice Wright gave a birthday party last evening in honor of their son, Earl William. The guests for the occasion included the little man's grandmother, Mrs. Captain J. E. Rice, Mrs. Lucy Grundler of Woodson, and his aunts, Mrs. Martha Masters and Martha Strang. Needless to say the baby was royally entertained by his relatives.

### Thomas Boyd, near Salem, was a city arrival yesterday.

the employees of the millinery store planned a surprise and it worked completely. Assembling at the proper hour they marched in unannounced and took their victim totally by surprise and it was a time before she could fully rally her senses and accept the situation which she did however in due season and all proceeded to make themselves happy.

A few friends in addition to the ladies at the store had been invited and the hours of the evening passed most happily. The self-invited visitors brought nice and abundant refreshments along and all proceeded to enjoy these also and at a late hour all departed wishing Mrs. Henry many happy returns of the anniversary.

### Philathea Circle Has Oyster Circle

The Philathea circle of Central Christian church had an oyster supper last evening at the church. Nearly all the members were present for the fine supper served at 6 o'clock. Following the supper hour the regular monthly business session was held presided over by Miss Mary Knoltenburg, the president. The remainder of the evening was spent in dressing dolls for the Christmas bazaar to be given by the Pastoral Helpers on December 15.

### Hostess to Bridge Club

Mrs. W. H. Scull was hostess to the members of the Monday bridge club yesterday afternoon at her home on West state street. Four tables were made up and after the hours of playing, a dainty afternoon luncheon was served. Mrs. Scull will entertain the Wednesday Bridge club, of four tables, this afternoon.

### Entertains Household Science Club

Mrs. Nelson McMurphy was hostess to the members of the Household Science club yesterday afternoon at her home on West College avenue. This was the last meeting of the club until January 17, 1922. Mrs. W. W. Gilham gave a very interesting discussion of the beauties of America and illustrated her talk with attractive pictures. The household topic was home made candies and Mrs. Frank Elliott gave recipes for some delectable sweets. At the close of the afternoon the hostess served delicious refreshments.

### Club Discussion "Made Over Garments"

Miss Clara Ranson entertained the East Side Tuesday club yesterday afternoon at her home on Finley avenue. The afternoon's program was given over to a discussion "Made Over Garments." The ladies answered roll call by showing garments which had been successfully made over. Mrs. C. Ratachak had an interesting paper on "The Winter Wardrobe," in which many practical suggestions were made. Mrs. J. W. Brown's paper on "The Making Over of Garments" was made especially interesting because of her work as chairman of the relief committee of the Social Service league. The hostess passed attractive refreshments at the close of the afternoon. The guests of the day were Mrs. Le Roy Crouse, of Concord; Mrs. F. M. Metcalf, of Franklin, and Mrs. George Uhr, Mrs. Alex Platt and Mrs. E. H. Ranson of this city.

### Plan Open Meeting

The Orleans Country club is planning to hold the annual open meeting next Tuesday evening. The committee in charge of the plans met at the Ayers' bank Monday for a conference. The meeting is to be at the home of Mrs. Will Arnold, of Arnold, and a roast duck supper will be served to members and their guests. Following the supper a program will be given. Mrs. Will Cleary, of east of this city, is chairman of the committee, which includes Mrs. C. M. Strawn and Mrs. Mose Greenleaf of Alexander.

### Strawn's Club at Thompson Home

The Strawn's Crossing club met yesterday afternoon at the home of Mrs. William Thompson, east of the city. Mrs. J. W. Rawlings gave a discussion of "Popular Songs," and Mrs. Harry Foster read a paper on "Ancient Timepieces." A line from a state song was given by the members for roll call. During the social hour at the close of the afternoon the hostess served excellent refreshments. Guests of the club yesterday afternoon were Mrs. Will Arnold, Mrs. W. T. Scott, Mrs. Henry Northole, Mrs. Amos Coker, Mrs. Newman Audie, Mrs. Harry Thompson, Mrs. Will Ledford, Mrs. Tom Boyd and daughter, Miss Fannie Bold, Mrs. Stephen Dunlap and daughter, Miss Ruth Dunlap, Mrs. Walter Bozarth, Mrs. Wesley Fox, Mrs. Charles Mathews, Mrs. Roy Scott, Mrs. Charles Dodds, Mrs. Daniel Moy, Mrs. William Bibbs and Mrs. Audrey Brown.

### OLD JACKSONVILLE

FRANCES HOLLAND WEMPLE

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

As has been stated before in these articles, "Old Jacksonville" includes Morgan county; including also Morgan, first extent of the three counties, now Morgan, Cass and Scott.

Francis Holland Wemple, of Waverly, was one of the fine men of this county. He was born near Amsterdam, N. Y., August 27, 1840, a son of Jacob Anthony and Della Visser Wemple. Both of his parents were of Dutch descent, and representatives of two of the oldest families of the historic Mohawk Valley.

The founder of the Wemple family in America was Jan Bart-eusen Wemp (or Wamp) who came from Holland about 1640 and became one of the prominent members of the colony which settled in the manor of Rensselaerwyck in Hudson Valley. The Visser family settled in the Mohawk valley soon after, the name first appearing in the annals of the city of Schenectady, N. Y.

Jacob A. Wemple brought his family to Illinois in 1841, locating upon a farm situated about three miles Southeast of Waverly in Sangamon County. There practically all the remainder of the life of the elder Wemple was spent. He became the owner of about 400 acres of farming land, led a quiet, unostentatious life, was deeply interested in the welfare of the early schools, and was active in the promotion of the Methodist Episcopal Church. He died in October, 1887 and his wife passed away in 1885. They were the parents of three children, one of whom died at the age of five years. The remaining children were two sons, Francis H. and Edward, who were partners in the bank of Wemple Brothers.

The early life of Francis H. Wemple was spent on his father's farm in Sangamon County. His education was received in the public schools, at Wesleyan University at Bloomington, Ill., and he was a student at Illinois College.

After leaving school he was, for a time in the business of buying and shipping grain at Virden, Illinois. Removing to Waverly in April 1869, he engaged in general merchandizing for seven years as a member of firm of Crain, Manson and Wemple, which firm in connection with a large general store, also operated a bank. Disposing of the interest in this concern in 1876, in the year following (1877), he and his brother established, under the firm name of Wemple Brothers, a private bank, now the oldest institution of the kind in Waverly. This bank was entirely independent of the one operated by Crain, Manson and Wemple in connection with their mercantile business and has become recognized as one of the strongest and most reliable private banks in Illinois.

Its basis is about 1400 acres of farming land which the Brothers owned and operated in connection with their financial institution. In addition they occasionally bought and sold real estate.

Mr. Wemple took an active and unselfish interest in the promotion of the welfare of the community in which he lived for so long a period. He served as Mayor for several terms, and for a number of years was a member of the local school board, of which he has also been president. He is also identified with the Grand Army of the Republic, having been Commander and for many years Quartermaster of John W. Ross Post No. 331 of Waverly.

His military service was in Company G, 101st Regiment, Illinois Infantry in which organization he volunteered in August 1862 under Captain Robert McKee. He filled the post of Corporal when mustered out.

On December 8th, 1870, Mr. Wemple was united in marriage when Mary Ann Carter, a daughter of Orrin Carter, she died March 9th, 1899. They were the parents of five children, two of whom are deceased. Those surviving are Charles Francis and Paul Wilbur, President and Cashier, respectively of Wemple State Bank, which institution has now succeeded Wemple Brothers Bank, and William Lester, an Attorney successfully practicing in New York City.

Jacob A. Wemple came to Illinois from Monroe County, New York in 1841, travelling in a wagon and bringing with him his family consisting then of his wife and their one child, F. H. Wemple, then one year old. A soon as F. H. Wemple was old enough, his parents started him to school in Waverly and from his home he walked straight across the prairie two miles, there then being no fences and nothing by which to find one's way except a path thru the tall prairie grass. Part of his early schooling was got in what was known as the "Seminary," which stood just back of the present Congregational Church in Waverly and where, altho she was younger than himself, Marian Brown, afterward Mrs. Edward A. Tanner, was, for a short time, one of his teachers. His early school days were not free from boyish troubles part of which came from the fact that he was of eastern parentage and birth. This circumstance earned for him the appellation of the "little Yankee" and added nothing to the comfort of a lonely boy starting to school in strange surroundings. As was frequently the case in those days he dropped out of school at an early age to help on the farm. As was also the case with many of the young men and women of that day as well as of this he later tried school teaching for a time and taught for two winters at the American school house near Virden, Illinois, for one year at Prospect, Illinois, and for one year at Scioto near Waverly.

It is hardly necessary to tell those who knew him that he had a wonderful physique. At the time he enlisted in the army he weighed over two hundred pounds, stood six feet, three inches tall and was in almost perfect health as the result of out of doors life and work on the farm. For men were a match for him in strength and related of him in this connection that he was able to lift a full length railroad iron. He was always persistent in taking physical exercise, especially for chest expansion and arm exercises and was continually pointing out to his sons the importance of this.

### AGED WHITE HALL PHYSICIAN DIES

Dr. G. W. Burns Passed Away at Age of 82—Was Oldest Practitioner in Greene County.

White Hall, Nov. 15.—Dr. G. W. Burns, aged 82, died at 2:20 p. m., Monday in his home on North Main street, after having been confined to his bed for three weeks. He had not been at his office for over three months. Dr. Burns was the oldest medical practitioner in Greene county, coming to Patterson, northwest of White Hall, at the close of the Civil War and to White Hall about ten years later. He was engaged in hospital work at Washington, D. C., during the Civil War, and never tired of recalling his meetings with Abraham Lincoln.

He was personally acquainted with Clara Barton, founder of the Red Cross, and was always remembered by that famous lady by New Year greetings and sometimes special communications between times. Dr. Burns was a native of Sandy Lake, Penn., and he and the late Capt. E. J. Pearce grew up as boys together. After the former had migrated to the plains of Illinois prior to the Civil War, the latter followed suit on the close of hostilities. Mrs. Burns died some ten years ago, since which time he has resided with his sister, Mrs. Phenice, in the Burns residence on North Main street.

## SOMETHING NEW KNOWING

Do you know that this is the time of year that you would appreciate an air cooled car? Think of it! No water to freeze; no anti-freeze mixture to buy; no radiators to drain; no blankets or robes needed to cover the radiator and hood; do not need a heated garage. In fact it is so easy to take care of that any lady can care for it with very little effort. Such a car is the FRANKLIN. Do you know that the FRANKLIN car advanced from the 19th to the 4th place in the automobile industry in the last year? Do you know that the FRANKLIN car has made a gain of 248% while the water cooled cars have only gained 27% in the last 2 years? Do you know that the FRANKLIN car is backed up by one of the strongest factories in these United States? Do you know that the best and most useful present you could buy for your Christmas gift would be a FRANKLIN car? Do you know that C. N. Priest is the distributor for this territory and that he will furnish you with a car for Christmas if you will get your order in early? Do you know that you can get 26 to 46 miles average on a gallon of gasoline? Do you know that you can get 15 to 25 thousand miles on a set of tires? Do you know that the FRANKLIN is the easiest riding car on the market? Do you know that all the above is a true statement of facts? If you doubt it, come in and let us prove it.

Respectfully,  
**C. N. PRIEST**

## What Is Service?

We believe some of you may have forgotten what constitutes service.

We believe giving service means just this:

- 1st—Be courteous and prompt.
- 2nd—Get your customer right—the first time.
- 3rd—Perform your work in an expert way.

In maintaining an organization with equipment, we are doing it to please our customers. All we ask in return for our effort is try as hard to do your part as we try to do ours.

Did you ever notice how much trouble you caused in the world by expecting more than you were willing to give.

## A National Demonstration to Save Women

Dr. H. H. Tice of the Emerson Engineers reading the pedometer on the operator. Note the stop-watch in his other hand.

## Save 349 Steps on Breakfast Alone with a Napanee Dutch Kitchenet

NOW we know how housewives exhaust themselves each day. We know, too, how they can prevent it. We are joining a national demonstration to tell all women of the uselessness of this exhausting fatigue.

By scientific measurement we know that 2,113 steps are taken in getting three simple meals every day in the average kitchen. Scientific tests prove three-fourths of these wearisome steps can be saved. The physical effort is reduced to one-quarter. The vast importance of these discoveries cannot be exaggerated.

They are the result of scientific time and motion studies of the preparation of meals under the direction of Mr. Harrington Emerson, foremost efficiency engineer.

Mr. Emerson scientifically compared the work of getting meals with and without a Napanee Dutch Kitchenet. Thousands were spent on these studies. Each motion was timed and each step was recorded by stop-watches and pedometers. Two foremost domestic scientists were consultants in the preparation of countless dishes under this scientific observation. Amazing discoveries resulted.

## Save 1,592 Steps Every Day

Mr. Emerson found that 466 steps were necessary in an average kitchen to get a simple breakfast without the Napanee! That 349 of these were saved by the use of the Napanee!

He found that 599 steps were saved in getting luncheon. 734 steps in getting dinner. His discoveries mean the end of the most distressing hardship housewives suffer—constant fatigue.

These astonishing savings are possible because the Napanee is scientifically designed to make every motion and every minute count. Its superior construction, its new and greater conveniences are the reasons for its amazing value to women. Come and let us show you these superiorities today. Let the long strain of kitchen work end now. Come and learn with all the women of America of the new kitchen era.

## A Statement by Mr. Harrington Emerson

Clear from our scientific studies that the striking savings of the Napanee Dutch Kitchenet are along three distinct lines:

- 1—Saving of effort, fatigue elimination;
- 2—Saving of time;
- 3—Standardization of work.

The saving of energy, shown by the large reduction in the number of steps, is very striking. By accurate quantitative measurement, three-quarters of this physical exertion is saved. It is reduced to one-quarter.

## RAILS MAKE GOOD SHOWING TUESDAY

NEW YORK, Nov. 15.—Stock  
market prices reflected fresh un-  
settledness today altho the dis-  
turbances of the previous session  
which were attributed to the dis-  
armament proposals seemed to  
exert less influence.

Shares of companies which are  
likely to suffer reduction of op-  
eration from a naval holiday  
made partial recoveries.  
Foreign oils were under con-  
stant attack. Rails made a better  
showing than any other group,  
more than a half score of high  
grade issues making gross gains  
of 1 to 4 points. These were  
partly impaired in the selling  
pressure of the last hour. Sales  
amounted to 700,000 shares.

The release of large sums in  
connection with the November  
15 Liberty interest payments  
created unusually easy money  
conditions. Call loan rates dropped  
from 1 to 2 per cent on the  
exchange at midday and the  
minimum figures was shaded on  
collateral in private transactions.  
Foreign exchanges were featured  
mainly by the further rise of  
sterling to its highest level in  
several months. The rate reacted  
later on offerings of food and cot-  
ton bills and most continental re-  
mittances eased moderately.

Strong investments were donat-  
ed by the enormous over-sub-  
scriptions to the \$50,000,000 New  
York telephone six per cent bonds  
and the \$10,000,000 Rio Grande,  
D. O. Sul issue. The telephone  
bonds sold at a premium over the  
public offering price in the course  
of the day. Total sales of bonds,  
par value \$17,275,000.

## Getting Acquainted

In the issue of October 27, Mr. Ed. F. Summers, of the Advocate-Democrat of Marysville, Kans., says:

### HAVE MADE FRIENDS

About three years ago the Standard Oil Company began a campaign of publicity which covered the whole country. No attempt was made to pay any attention to what had been charged up against the organization in that distant past, but a plain statement was sent out showing the attitude of the company, the diversity of its ownership and its policy in dealing with the public. And that campaign has been effective. No longer do you hear Rockefeller and the Standard Oil continuously roasted by the general public. Other "goats" have been picked up and in every section you will hear the admission made that the Standard Oil Co. gives service and piles up profit by being content to work on a small margin and develop a bigger business.

The experience is well worth thinking over for it goes to show what we have always contended and that is that the average man is fair and only wants to be shown. Take him into your confidence if your business is legitimate and you silence knocking. The Standard Oil has won favor by its policy of publicity and the favor is deserved.

THE spontaneous response which the announcements of this Company have received from many of the newspapers of the country has been most gratifying. That such a response has come from a better understanding of the Company, its purposes and its policies goes without saying. It is purely a matter of getting acquainted.

Those who do not know we are apt to suspect. Those who do know we respect if respect is deserved.

The Board of Directors intend that this Company shall deserve the respect of its customers, its employees, its stockholders and its competitors by maintaining a policy of fair dealing.

The operations of this Company are carried on with a straightforward directness, and with the deep conviction that bigness is possible only through service; that through service comes volume, and through volume come profits.

## WHITE HALL RESIDENT IS LAID TO REST

Remains of Mrs. Anna Williams Interred Saturday Afternoon—Weather Interfered With Armistice Day Program—Other White Hall News

White Hall, Nov. 14.—The funeral services for the late Mrs. Anna Williams were held at 2:30 o'clock Saturday afternoon at the home of the son of the deceased, Herbert H. Williams. The services were in charge of Rev. J. O. Kirkpatrick and the burial was made in the White Hall cemetery. The death of Mrs. Williams occurred at 1:50 a. m. Friday at the home of her son, Herbert H. Williams, on Tunison avenue. She had been ill five months with heart trouble. A year ago she went to Colorado to remain with her daughter, Mrs. W. Wallace, at Delagua. When she became ill, she was ordered brought back to the lower altitude here, arriving here June 27, last.

The deceased was born on Hartman Prairie, Morgan county nearly sixty-eight years ago, and there she and Barnett Williams were married. The family came to White Hall more than twenty-five years ago, but were again residing in Jacksonville for a short time when Mr. Williams died about eleven years ago, the remains being brought to White Hall for burial. Mrs. Abe Reed, of Jacksonville, is a step-daughter. These are the only children, having above mentioned the son and daughter. The deceased was a member of the White Hall M. E. church.

Within the past six weeks a brother and sister have died, these being Richard Wilkinson of Virginia, Ill., and Mrs. Mary Crawford, of Paducah, Ill. Surviving are on sister Mrs. Neta

Beerup, of Jacksonville, and a brother, John Wilkinson, of Woodson, armistice Celebration Weathered Unfavorable weather greatly interfered with the Armistice day celebration at White Hall but there was an air of patriotic revelry that did credit to the occasion. The dinner in legion hall at noon was well patronized. The afternoon program was held in Princess theatre, the parade having to be greatly curtailed. Decorations in the business district were very attractive and inspiring. The Rawlins Concert band of Roodhouse discoursed music with the characteristic willingness of this organization to make themselves in every way useful. On account of rain and snow the decorations in the residence sections were necessarily scant.

It was also observed as tag day in behalf of the local legion post, and the tagging was conducted by the Misses Rua Perry and Clara Lindsay, two charming school teachers, with the assistance of Miss Mildred Fox. The smiles of this trio would open up the pocketbook of the most miserly, and they were still smiling and pinning tags on the unsuspecting masculine population as this is forwarded.

Displays of newspapers depicting the signing of the armistice three years ago formed a most attractive feature of decorations of business houses.

**Other White Hall Activities**

Rev. Roy March arrived home Thursday from Nortonville, Morgan county, where he conducted revival services for three weeks with a record of twenty-seven conversions, mostly adults. During the day, Wednesday, twenty were baptized in a nearby pool, and Rev. Mr. March says the water was fine, but a little cool. He is a pastor at Nortonville and half time and says he never holds a meeting of any kind there that he does not have a crowded house, something unusual in this day of lack of interest in church affairs. He is well known to these people, having held a three year pastorate there previously. The balance of his time is devoted to Bethel Baptist church, east of Greenfield, where he goes Saturday to begin a series of revival meetings.

Senator A. S. Cuthbertson, of Bunker Hill, will be the speaker at the November dinner of the Brotherhood in the Presbyterian church next Tuesday evening.

Louis and Claude Lowenstein left Friday for Austin, Minn., on account of the precarious condition of their sister, Mrs. A. L. Eberhart.

Albert McClay was called to Chicago today to attend the funeral of A. F. Demoney, who died suddenly Thursday afternoon. Mr. Demoney has been head bookkeeper of the Chicago commission house of A. L. McClay & Co., since the late A. L. McClay established the Chicago business more than thirty years ago, and the business is now owned by the widow, mother of the present A. L. McClay. The wife of Mr. Demoney and also the head salesman of the commission house died last summer, and the McClay family feels the losses keenly. The elder Mrs. A. L. McClay is now in California, and she was notified by telegraph.

The new milk firm at White Hall is shipping an average of seventy-five cans per day to the St. Louis market. This average has been maintained since the business was launched on November 1, in competition with the milk condensing plant. The business is pretty well divided between the two concerns. The new company is using the ice plant building as a receiving station, but expect to build as soon as they can agree with the Chicago & Alton folks as to a site. The milk production in the White Hall district gives promise of substantial increase. An advance in the price of cows is indicated in the results of a public sale held Thursday afternoon in the Burlington stockyards by William Ragen & Son, of Carlyle, Ill. A load of twenty-four head were auctioned by Col. L. L. Seely at prices ranging from \$35 to \$90 per head, the average being approximately \$70.

Another White Hall event that will indicate the state of prices in the live stock world will be the sale of Percheron horses at Gregory farm on November 25. Mr. Coisa has wisely arranged with the Baptist ladies to furnish dinner on the sale grounds, as this will insure the visitors being put in fine condition to further open up their pocketbooks in boosting bids to a point that will further enhance the rising prices of live stock of the better class.

Blind will tell, and the environment of a community reflects in the individual who imbibes the spirit of any department of community activity. The recent annexation of Howard W. Naibley as an expert in the field for the Denver Daily Record Stockman, is another step to the front for an individual who is becoming an authority on live stock matters, being a writer as well as an emissary. Until going to the Daily Stockman, Naibley was on the field staff of the Western Farm Life of Denver. He is a product of the school of journalism of the University of Missouri. The following reference is made of him: "As a native of Illinois and more particularly White Hall, the locality made famous by Gregory farm, the breeding place of some of the finest percheron horses and Berkshire hogs in America, Bill, as he is familiarly called, entered Colorado a few years ago well imbued with progressive ideas of stock growing." Naibley had his initial journalistic experience on the old White Hall Republican under an environment that led him into agricultural journalism as the most promising field for him.

## The Profitable Method of Farming

First, the cow, the real foundation of society.

The feed grinder, to save feed and produce more fat and milk.

The milking machine, to reduce labor cost and have a more sanitary product, also eliminate the slow, tedious job we all detest.

The cream separator, to obtain more butter fat or cream at a less cost and to eliminate waste.

The three BIG MONEY MAKERS for the live farmer.

We will sell any or all of the above on terms that will allow your extra profits which they make, to pay for them. No investment can be made that will bring you as large returns.

Call in and allow us the pleasure of explaining to you our method of helping you to increase your bank account to help you pay off your debts. Our method is better than The Federal Government plan of financing the farm. See us at once.
